## HIGH-SPEED SAMPLE TUBE PREP

SPEED | SAFETY | ACCURACY

Sample tube to 96-well plate in 3.6 seconds.

[WWW.INTENSE-ENGINEERING.COM](http://WWW.INTENSE-ENGINEERING.COM)

**Automation as unique as  
your science.**

**SPEED:** The HSP1000 processes up to 1,000 sample tubes per hour.

**SAFETY:** Fully automated, hands-free operation ensures operator safety.

**ACCURACY:** LIMS-integrated barcode accessioning ensures verified sampling tracking with a traceable, digital-audit trail. State-of-the-art subsystems and components ensure robust, reliable performance.
